22, QUEEN ANNE'S GROVE
LONDON, W. 4.

—
1926

PREFACE.

The American, and, I dare say, the English public are indebted to Eli Perkins for many an hour's entertainment. I am in his debt for a preface.

Perkins called upon a friend whom he found struggling in an attempt to get into a new pair of riding boots. « Don 't worry », he said, « they will slip on easily after you have worn them a while ».

I would remind some of my recent correspondents that no catalogue or dictionary can pretend to be exhaustive. We hope that *Anonyma and Pseudonyma* is a step in the right direction ; that succeeding generation may find it a useful basis from which to proceed.

A certain reviewer, while kindly disposed on the whole, remarks that we have wasted much space by the inclusion of books the authors of which are known to the proverbial school boy. I may remind him that the same criticism may be made of any dictionary ; that the Oxford dictionary includes such trite terms as « dog », « cat », « critic », etc. The distinction between what is « known » and what is not generally known is a fine one, and might take more time and involve more disputes than the book itself.

C. A. S.

O. (1905) : Lionel James. (Of the "Craftsman") : Henry St. John.
 O. A. T. H. P. (1672) : Oliver Plunkett.
